HURRICANE CAUSES MILLIONS IN DAMAGES

'SCAB' CHARGE LAID AGAINST WARREN PLANT

Union Says Firm Has Been
Having Manufacturing
Done In Salem Shop

WARREN, Aug. 27—(AP)—Scuffles at the strike-bound Taylor-Winfield Corp. plant yesterday resulted in the arrests of eight pickets.

"Scab" charges were hurled against the company by the CIO United Electrical Workers' local president.

The pickets, including the plant local union chief, Frank Motter, were picked up by police and sheriff's deputies after the law agents said they had to force a path through mass picket lines so salaried employees could enter.

All, except a 16-year-old boy, were placed in the county jail, but were later released under \$500 bond each. The boy was turned over to juvenile authorities.

Motter accused the company of taking unfinished stock out of the plant to factories in Salem and Kent for completion.

"This is the same as running scabs in here," he said.

Admits Stocks Moved

T. S. Long, T-W vice president and general manager, admitted having stock material removed from the plant but insisted no production had been going on at the plant itself since the strike began in early June.

He said the firm was "taking care of our customers."

Those arrested, not including the youth, were: Miss Ruth Merson, international UE representative; O. J. Gould, 33, Frank Kolar; Frank Van Sickle, 61; Arthur Rappaport, 24; and John Sase, 39.

Both Miss Merson and Motter were among 12 union members and a sympathizer fined \$50 in common pleas court earlier this week and given 30-day suspended jail sentences on contempt of court charges.

At that time, Common Pleas Judge H. E. Culbertson warned them they would have to serve out the jail terms if found violating a court injunction restraining picketing at the plant, basis for the contempt charge.

More Charges Filed

More charges were filed by the company yesterday. It charged 25 more pickets with contempt of court and filed two motions, one asking them to reconsider suspension of previous jail sentences and the other seeking a trial for additional contempt of court charges against CIO UE local 750 and several union members and sympathizers.

Hearings are set for Monday, with all but the 16-year-old boy charged with violation of the injunction.

The 154 production workers striking against Taylor-Winfield have asked a 30-hour week with 40-hour week pay, an eight-cent hourly pay boost and a pension plan.

Wages are on a sliding scale.

Checking Vaughan's Accounts

Sen. Hoey Reports That
Testimonies Will Go
To 'Superiors'

WASHINGTON, Aug. 27—(AP)—Senator Hoey (D-NC) said today any adverse testimony regarding government officials in the percenter inquiry will go to their superiors—except, in the case of Maj. Gen. Harry H. Vaughan.

Hoey told reporters about that after disclosing that "in a measure" senate investigators are looking into the bank accounts of Vaughan, who is Truman's military aide.

A special subcommittee headed by Hoey is checking on whether improper influence has figured in the handling of government business. Vaughan is scheduled to testify next Tuesday when the public hearings are resumed. His name has come up at the inquiry nearly every day.

Justice Department

In reply to questions, Hoey said the committee plans to turn over to the justice department evidence it has gathered about the affairs of John Maragon. Maragon is a normally talkative man-about-Washington who suddenly turned silent yesterday when the committee sought to question him about a lot of matters.

They include testimony by a committee investigator that Maragon made deposits of \$119,608.61 in checking accounts over a five-year period. Maragon previously had sworn at a hearing behind closed doors that his income over the same period totaled only around \$30,000.

Senator Mundt (D-NC) called it "a clear cut case of perjury." But Maragon asserted his constitutional right at yesterday's session and refused to discuss the matter. He did so on the ground it might tend to incriminate him.

Hoey said that in addition to the Maragon evidence, testimony regarding any government officials whose names have cropped up at the inquiry will be turned over to the departments concerned.

600 WILL MAKE BALL GAME TRIP

Final instructions for drivers and children who will make up the Youth Week migration to the Cleveland-Boston game Monday were issued today by William Keck, chairman of the Junior Chamber of Commerce committee which is sponsoring the event.

Six hundred fans and drivers will make the trip.

Drivers and cars are to be present at 9 a. m., having their cars on Vine ave. headed south. All drivers will receive windshield stickers and admission tickets to the Cleveland stadium.

The cars will travel in a convoy of about 25 cars to a section. Each section will leave Vine ave. at 10-minute intervals. Drivers will travel together in line, following Route 14 to E 55th st. in Cleveland, where they will turn right and follow E 55th st. straight to Lake Shore Blvd. and turn left to the stadium.

Drivers are to return their children to the Memorial building.

All children must be at the Memorial building at 8 a. m. to register and receive tickets.

"No tickets will be given to children who have not previously registered. No lunches or drinks may be carried. Sandwiches and drinks can be purchased at the game," Keck said.

"All children must make the trip to and from Cleveland in the car to which they are assigned. More than 2,000 dancers jammed Broadway between State and Pershing last night for the Youth Week street dance."

A concluding event of the week will be the softball contest between the Spievak Amputees of Youngstown and a Jaycee team at 2 p. m. tomorrow in Centennial park.

CUTS WIDE SWATH; ONE MAN DEAD

Progresses Up Coast, Hits
Lush Beach Areas;
Guard Against Vandals

WEST PALM BEACH, Fla., Aug. 27—(AP)—A tremendous tropical hurricane swept through Florida's rich citrus belt today with millions of dollars in property damage already counted in the state.

The storm cut a wide swath of destruction on its way to the heart of the peninsula after hammering the east coast and slashing through the Lake Okeechobee region. Then it moved on Lakeland.

Two companies of National Guardsmen patrolled streets in West Palm beach to prevent looting of stores whose windows the storm had smashed. Sheriff John F. Kirk said they were needed to curb vandalism in the city's business district.

Beaches Hard Hit

The Palm Beaches were hard hit, but so was Belle Glade, on the eastern shore of Lake Okeechobee, where damage was estimated at more than \$1,000,000 by town officials.

Up and down the "Gold Coast" from Hollywood to Vero Beach—a stretch of 120 miles—the storm left houses unroofed, trees uprooted, shrubbery torn to ribbons.

Gales of 60 to 75 miles per hour covered the north and central portions of the peninsula and strong winds in squalls extended south to the keys.

The storm may turn to a more northerly course in the next 12 hours, the weather bureau said. The great disturbance was tagged as "still a very dangerous storm" after boiling up from the Atlantic, striking the East coast and whistling over Lake Okeechobee.

It hit the "Gold Coast" near West Palm beach, lashed the Lake Okeechobee area and then pounded the heart of the peninsula with winds up to 150 miles per hour.

Hurricane warnings flew from Fort Lauderdale to St. Augustine and around Lake Okeechobee. Northeast Florida was warned to get ready for the blow.

The great doughnut-shaped disturbance passed the cattle and farming town of Lake Okeechobee, on the northeastern corner of the big lake by the same name, then whirled over Lake Placid in Highlands county.

Survey Damage

As the storm roared on, Red Cross workers moved in to survey damage and render aid. West Palm beach bore the brunt of the storm.

The hurricane left a great path strewn with unroofed houses, toppled towers, broken trees, dis-

Fire Marshall Reserves Decision On Jungle Inn

COLUMBUS, Aug. 27—(AP)—State Fire Marshal Harry J. Callan said today he will decide later whether to modify his order to raze the Jungle Inn gambling casino at Halls Corners in Trumbull county.

Counsel for operators and owners of the establishment protested the Aug. 18 order at a four-hour hearing in Callan's office yesterday. Callan took the plea under advisement.

Attorneys Russell G. Mock of Youngstown and Donald Deibene of Warren termed Callan's order "unreasonable and unconstitutional." They asked permission for reopening one of the inn's two buildings after alterations.

Closed Aug. 12

The inn closed after a state raid the night of Aug. 12 ordered by Gov. Frank J. Lausche in his war on organized gambling. Leading the raiders were Liquor Director Oscar L. Fleckner and his enforcement chief, Anthony Rutkowski. A quantity of gambling equipment was seized and gambling charges lodged against 20 men.

Mrs. Grace Farah, named as owner in Callan's order, did not attend yesterday's hearing.

Mazeed J. George, named in the order as adjutant of the Army and Navy union garrison No. 594, explained operation of the buildings. He said the veterans' organization runs a restaurant in one of them. The other is called the assembly hall. The state alleges gambling was conducted in the hall.

Mock said the garrison hired an architect to plan remodeling of the restaurant to conform with the state building code. He asked Callan to permit the restaurant's operation after the changes estimated to cost \$9,000. He said they would make the property worth \$40,000.

"It is unconstitutional and unreasonable to order these buildings torn down," Mock stated.

The attorney said the Jungle Inn could be considered closed as far as further public assembly is concerned. The hall has been abandoned, its equipment moved and the owner has no intention of permitting its public use again, he added.

George testified the organization got a restaurant license from the state in 1949. Callan acknowledged application for the permit but said it never was issued.

It was held up for "further investigation," he explained.

Named Inspector For Guilford Lake Area

LISBON, Aug. 27—John D. Porterfield, state director of health, today announced appointment of Dr. Robert M. Dunlap, Columbiana county health commissioner, as sanitary inspector of the Guilford Lake Sanitary district.

This sanitary district is established by state law to include all property within one mile of the lake's edge, and Dr. Dunlap will act as the agent of the state health department.

Canfield Fair To Open Sept. 1; Premium List High

A premium list topping anything ever offered by the Mahoning County Agricultural society is expected to attract the largest number of exhibitors in the 103-year history of the Mahoning county fair, when the annual event opens for five days at Canfield, Thursday, Sept. 1.

The Canfield fair has come a long way since the first "agricultural exhibition" held at Canfield's Congregational church Oct. 5, 1846. The first fair did a one day stand and offered a premium list of \$131.50, of which \$18.50 was unclaimed when the big day was over.

The 1949 fair, which is almost certain to draw more than 100,000 visitors from far and near, will be in full swing from Sept. 1 through Labor day, and will offer thousands of dollars in premiums in 15 departments and scores of classes.

Hereford Show Planned

Eight hundred dollars prize money is offered for each breed of cattle being shown. One of the attractions this year will be the Northeast Ohio Hereford show with a total premium of \$1400, of which \$600 has been provided by the Hereford association. This will be the first time in the history of the Canfield

Fair that the Ohio Hereford Association has brought its show to the lot. Approximately 50 head of cattle shown at this show will be sold on Saturday evening, Sept. 3, in the coliseum.

In substantially increasing its premium list, the Canfield fair board is placing a renewed emphasis upon probity the most important aspect of the big show—its agricultural exhibits. Increasing the premium list adds considerable spice to the spirit of competition that is the incentive of most exhibitors.

Other premiums and prizes certain to attract much attention are: (1) a purse of \$160 for light and heavy weight teams in the pig iron derby, and (2) the nationwide croquet contest sponsored on a national basis offers prizes totaling \$2500, with a first prize of \$500 and an all expense trip to New York or Chicago offered as an added incentive. Sixteen classifications are open in this competition, with one group of prizes open to men only.

Members of the Fair board, their departments, and the townships they represent are: Bert Milliken (speed horses); Youngstown; Vernon House; Turn to CANFIELD, Page 8.

Potomac Air Is Polluted

The evil odor arising from three sordid messes at the same time is more than even Washington is used to. All at the same time the capital and the nation are subjected to these sorry situations:

1—Cedric Worth, assistant secretary of the navy confesses authorship of an anonymous letter besmirching heads of other services and attempting to discredit the Army's B-36 bombers.

2—Evidence becomes more conclusive that Major General Harry H. Vaughan, the President's military aide, used the White House to distribute personal and political favors and influence in a way to shame the most callous ward heeler.

3—Major General Alden H. Waitt admits that he wrote a memorandum praising himself and belittling fellow-officers who might be possible candidates for his job as head of the Army Chemical corps.

Any one of these incidents is a scandal to sicken all who believe in clean government. Two of them strike at national security. The case of General Vaughan merely involves the type of political maneuvering that is all too common on all levels of public life.

The most serious aspect of the whole nauseating and alarming situation is the complacent attitude of President Truman and his administration. Loyalty to friends and associates is commendable to a certain point. When it involves national security and the fundamentals of personal honesty on the part of those associates blind loyalty becomes a danger to the nation.

If the President neglects or refuses to act in the face of such convincing evidence as has been presented, then congress and possibly the Department of Justice face a clear responsibility for cleaning up the disgraceful mess.

Eliminating The Brass

General Mark Clark came forth with the proposal that distinctions between officers and enlisted men be reduced to a minimum in the armed forces reserves.

It is the general's contention that the enlisted men of today's reserves will be company officers in event of another war. He thinks that they will be better seasoned for their responsibilities if they are treated as the equal of officers during training.

The officer caste system has been under fire for a long time. There have been many breaks in the line dividing the officers from the men. This is inevitable in a democracy. The theory that the officer is a different kind of individual from the man who serves under him dates back to the days when officers were from the nobility and the soldiers were commoners. In today's army the enlisted man may well be the superior in social background, training and character of the man who commands him.

In the time of war there doubtless must be some distinction in rank. In peacetime training there is no good reason why all men in uniform should not be social equals. The executive in a private business needs no stars or bars to maintain discipline. Armed service training would not suffer if the officers, who really are the teachers, were to sit down at mess with the men they are instructing.

The Beautiful, Pure Ohio

Ohio's law prohibiting pollution of water entering the Ohio river went into effect Friday. Seven other states have signed the pact promising to end dumping of untreated sewage and industrial waste into the river and its tributaries.

When the first white men came they found the Ohio and all its tributaries beautiful and teeming with an abundant supply of fish life. There are men now living who remember when most of the streams in the great watershed supplied fish in plenty for all who cared to go after them.

Then industry settled along the shores and poisonous waste soon made the water uninhabitable for any except the most hardy and most undesirable of fish. In some places the pollution has been a menace to human and animal health.

All authorities agree that it is possible to end this poisoning of the waters and restore the whole Ohio river system to its original purity. It will take a lot of money and considerable time. The results will justify the expense and effort.

The law now gives state and local authorities the power they need to compel compliance. A majority of municipalities and private concerns already have taken steps to end pollution voluntarily.

It will be a great day for the millions of people in eight great states when the Ohio river and all the rivers, creeks and brooks emptying into it again are pure and clean.

Most of the previous offenders have indicated they will do their part. It is up to state and local government and the citizenry to be on the alert to see that any violators are reported promptly and dealt with as the occasion demands.

THE STARS SAY:

By GENEVIEVE KEMBLE

For Sunday, August 28

SUNDAY'S astrological forecast is for a lively, interesting and exciting state of affairs, both business and purely personal, with much stirring about parties, social as well as professional or cultural functions. And while things may hum, with pleasant fulfillments and constructively on affairs generally, yet overdoing, extravagance, reckless use of funds or energies may exact natural penalties. Shun showing-off, bragging.

For the Birthday

Those whose birthday it is, may anticipate a year of high pressure activities, perhaps in the launching of new projects of constructive scope and assured promise. The energies, mentality, ideas, plans, also realistic initiative and aims are under excellent stimuli for conspicuous production and profit, yet a reckless squandering of funds, forces, any show-off tactics or excesses, in business as well as private life, could make for loss, regrets and other unhappy reactions. Protect resources and investments.

A child born on this day is well-equipped for a successful career, with varied creative and practical talents and ideas, but a proclivity to show off, excess and extravagance may be its undoing.

For Monday, August 29

MONDAY'S horoscope is a most propitious, pleasant and alluring one with much promise of happy, exceptional, perhaps experiences of unique cultural, emotional, even spiritual adventure, of subtle, intangible or intriguing aspects. Beauty, charm, allure, as well as rare talents, inspirational, or exceptional developments may thrive or pay strange or curious dividends. Use secret gifts or talents discreetly.

For the Birthday

Those whose birthday it is, may anticipate a year of exceptional experiences, with hidden undercurrents of intriguing and challenging phases. This allure or subtlety may carry over into practical and workaday activities, enhancing values, ideas, projects, of unique or exceptional quality, lucrative and gratifying. Personal qualities of an emotional, romantic or spiritual value, charm, beauty, allure, are legitimate implements for advancement; used with prudence and discretion.

A child born on this day, is singularly blessed with the finer qualities of mentality, aspiration, creative ability, or ideals which may be practically employed for substantial gain and intriguing experiences. Poetic, artistic, talents with curious slants may be profitably, wisely developed.

Guarding Your Health

By DR. HERMAN BUNDESON

THOUGH epilepsy is one of the oldest diseases known to mankind, it still presents a major problem. Despite a great deal of research, we still have little clue to its cause and no cure which will banish it completely, though with proper treatment it can be controlled.

In general, there are two types of epilepsy, one known as grand mal, the other as petit mal. In the first there is loss of consciousness, together with convulsions. In the second, there are no convulsions, and the loss of consciousness lasts for only a few moments at a time.

Making Diagnosis

Electrical tracings of the brain waves not only help in making a diagnosis of epilepsy, but in determining the type of disorder present and in checking treatment after it is begun.

One drug for the petit mal cases is known as trimethadione. It seems to control the attacks in about one-third of the cases. Another drug used is called paraldone and it may be employed in those cases which have not responded to the trimethadione.

Damaging Effect

Both of these drugs may have some damaging effect on the bone marrow where the blood cells are made in the body. Hence, when the drugs are used, it is important that the number of cells in the blood be determined at regular intervals.

It may be helpful also to use phenobarbital, a drug which quiets the nervous system in all of these cases. Phenobarbital is especially valuable in controlling grand mal attacks.

Still another drug which is useful both for grand mal and petit mal epilepsy is called thyphenytoin. Of 30 patients with grand mal attacks, 20 were improved, and of 9 with petit mal attacks, 7 were improved. Reactions to this drug may occur, such as thickening of the gums, incoordination, and skin rash, but it does not seem to have any damaging effect on the blood-forming organs.

Epilepsy in Children

What is known as the keto-

genic diet may be helpful in epilepsy in children. This diet, which is rich in fat, reduces the amount of alkaline in the blood and tissues.

Anyone with epilepsy should, of course, be under the care of a doctor. Drugs for this disease can be dangerous of taken without direction. Moreover, that which will benefit one type may serve to make the other worse. Thus, only an expert is able to decide the best treatment in each case.

QUESTIONS AND ANSWERS

F. W.: Please tell me what causes jaundice.

Answer: Jaundice is not a disease in itself, but merely a symptom of a disease, and is due to the accumulation of bile pigment in the blood. This may result from many causes, such as a tumor of the liver, to a condition known as cirrhosis of the liver, or to the presence of a stone in the bile duct which obstructs the flow of the bile. Some infections of the liver also cause jaundice. In blood diseases which are characterized by destruction of the blood cells, jaundice occurs.

SOCIAL NOTES

Tea Honors Miss Sharp

Something different in pre-nuptial entertainment was introduced by Mrs. Henry C. Hurlburt and daughter, Miss Sally Hurlburt, when they gave a Mother and Daughter tea Friday afternoon in their home, Highland ave.

The tea complimented Miss Jeanne Elizabeth Sharp, bride-elect of Ford Fay Miskell of Shaker Heights.

A surprise shower of luxury articles for her emergency shelf, brought pleasure to Miss Sharp, who was let into the secret through a clever poem, written in the form of a telegram, by Miss Hurlburt. Directed to the kitchen, the honor guest found her gifts in a miniature Pennsylvania Dutch cupboard and the gay little figures pictured appeared to be joining in the fun.

An artistic arrangement of vari-colored roses centered the

table from which refreshments were served to 16 guests. Mrs. John Mulford presided.

Gift Shower Held For Miss Housel

Neighbors and relatives of Miss Nettie Housel showered her with miscellaneous gifts Thursday evening at a party given by her great-aunt, Mrs. Bessie Duncan, and Mrs. Wallace Duncan, at their home on E. Fourth st.

Miss Housel and Robert L. Campbell will be married at 7:30 p. m. Friday, Sept. 2, in the First Christian church.

Added to her other gifts, Miss Housel was given a book filled with favorite recipes of each guest. They were arranged for her in an attractive booklet by Mrs. Wallace Duncan.

A session of advice to the bride provided entertainment and each woman present told of laughable incidents that happened at her own wedding or at one she had attended.

Miss Della Steepce, who served many years as a missionary nurse in India, told of the marriage customs of that country and gave Miss Housel a raw silk embroidered handkerchief made there.

Petunias, roses and other garden flowers were used to make the home attractive and the bridal motif was carried out when lunch was served.

The two hostesses were assisted by Mrs. Russell Miller, and Mrs. J. B. Duncan of Alliance. Four-year-old Martha Ann Yengling also helped.

Among the guests were Mrs. Lincoln Badger, a cousin, who is in her 80th year, Mrs. T. A. Speidel of Alliance, mother of Mrs. Wallace Duncan, and Mrs. Margaret Hoopes of Damascus.

Pre-Nuptial Party Honors Miss Ressler

As a pre-nuptial courtesy for Miss Mary Frances Ressler, bride-to-be of Ernest Breit of Alliance, Mrs. Walter Hofmeister entertained a group of friends Friday evening at her home on S. Lincoln ave.

Miss Ressler received a gift of dishes.

The 16 guests present, including Mrs. Hofmeister's mother, Mrs. Byrd Mason of West Middlesex, Pa., Mrs. Royden Piper of Waynesburg, Pa., and Mrs. S. A. Bass, of Brewster, sister of Miss Ressler, did needlework during the evening. These items were given to Miss Ressler to complete.

The company was seated at small tables for lunch.

Party Is Enjoyed

Jolly Bingo club associates were guests of Mrs. Rollan Ritchey Friday evening at her home, S. Lincoln ave.

Game prizes were carried off by Mrs. Ralph Ritchey, Mrs. Harvey Breitenstein, Mrs. Harry Lottman and Mrs. Clyde Brown. Lunch was served by the hostess.

The Sept. 9 meeting will be at the home of Mrs. Edward Manning, W. Pershing st.

Mrs. William K. Ross of 167 E. Third st. is ill of a throat infection at her home.

OFFICERS AND CLERKS of Friends Yearly Meeting, now in session at Damascus. Left to right—Howard Moore of Adrian, Mich.; Dr. Charles DeVol of Nanking, China; Dr. Walter R. Williams of Damascus; Rev. Byron Osborn of Cleveland; Rev. Roger Wood of Selkirk, Mich.; Ralph Coppock of Alliance, presiding clerk for 30 years; Rev. Edward Escolme of Tecumseh, Mich.; Rev. Spinster Dinner Held For Miss Ackelson

The spinster dinner Thursday evening for Miss Phyllis Virginia Ackelson was arranged by one of her bridesmaids, Miss Sue Ann Calior of Ottawa drive, Youngstown.

Miss Ackelson, daughter of Mr. and Mrs. Frank B. Ackelson, Jr., of N. Roosevelt ave., will become the bride of Robert Hill Clark, Jr., in an open church ceremony at 7 p. m. Saturday in the Youngstown Woodland Avenue Lutheran church.

The party last evening served to increase the kitchen items for the bride-to-be.

The 11 guests were seated at a beautifully-appointed table. A tiny bridal couple were mirrored on a center crystal arrangement surrounded by flowers floating in water.

Bridge provided entertainment. Mrs. Laverne Calior assisted her daughter, Sue Ann, with the party.

Mrs. Massa Hostess At Wiener Roast

A wiener roast was an enjoyable feature when Mrs. Ned Massa delightfully entertained the girls employed in the Salem Engineering Co. office Thursday evening at her home, E. Tenth st.

The hostess was assisted by Miss Jenny Stepic.

Mrs. Massa, before her recent marriage, Miss Margaret Zilavy, was presented a gift. The hours were spent informally.

Miss Alberta Barr of the Damascus rd. is vacationing in New York City.

Club 11 Entertained By Mrs. Blend

Officers were named for the ensuing year when members of Club 11 were entertained by Mrs. Richard Blend Thursday evening at her home, Short st.

Miss Mary Bohr and Mrs. Woodrow Birkhimer are president and secretary, respectively.

Plans were made to hold the club meetings on Wednesday evenings, instead of Thursdays.

Fantasia was a favorite pastime, with prizes going to Mrs. Charles Berg and Mrs. Birkhimer.

Refreshments were served at small tables. One of the cloths used by the hostess was brought by her husband from the Philippines and was monogrammed.

A meeting on Sept. 7 will be at the home of Miss Bohr, Hawley ave.

Corn, Wiener Roast Held By Club

Mrs. John Schuster, Price Cope and B. C. Croaster arranged a program of readings, games and contests to entertain members of the West Side Community club at their annual corn and wiener roast Thursday evening in the home of Mr. and Mrs. W. W. Zimmerman, Damascus rd.

They came from Pine Bluff, Ark., Kansas City, Mo., Los Angeles, Calif., Englewood, N. J., Chicago, Mansfield, Detroit, Pittsburgh, Cleveland, Monongahela, Pa., Alliance and Youngstown.

Ellen Ormes Perry of Salem, who will be 87 in September, had the distinction of being the oldest person present.

Attends Shower For Recent Bride

Miss Marjorie Willis of E. Third st., has returned from Sandusky, where she was a guest of Mrs. Joseph Yost, Jr., and Mrs. Gene Mariotti.

She was graduated from Sandusky High school in '47. Mr. Mariotti is the son of Mr. and Mrs. Fred Mariotti of Sandusky. He is an army veteran.

LAYING OUT THE TOWN, 1806

Zadock Street, on his arrival from Pennsylvania in 1806, was so enthusiastic about the site that later would become Salem that immediately after clearing land and building his house he started to lay out a town. Helping him stake out streets and lots was John Straughan, who had had some surveying experience in his home town of Salem, N. J. The two men could hardly run their lines fast enough that first year, so great was the demand for lots. Mr. Street and Mr. Straughan were optimistic and far-seeing men, but the story is told that as

they reached Canfield Road after laying out some eight "blocks", one of them remarked, "We might as well stop here, this is a big enough town for all time to come."

Good, solid work built Salem—and gave its citizens a better town and a better life. The idea that government could "give" them something for nothing never occurred to them, for they knew very well that before anybody could have anything, somebody had to produce it. Governments don't produce anything—they can only order the people to produce it—and that means dictatorship.

Men Of St. Paul's Parish To Hear Rev. Fr. Hohman

Rev. Fr. Hohman

When the men of St. Paul's parish gather at the Knights of Columbus home Monday evening at 8 they will hear Rev. William Hohman, assistant pastor of St. Stephen's parish, Niles, who has just returned from a 56-day trip across Europe.

The Niles priest's experiences and associations on the trip were not only unusual but bordering on the sensational, according to the committee in charge.

The young priest made his first contacts in Europe while studying at the University of Fribourg previous to World War II. He fled out of Germany two days before Hitler invaded Poland. Besides his degree at the Swiss school, he also obtained diplomas from the Western Reserve, Ohio State and Dayton universities.

It was while studying in Switzerland that Father Hohman struck up a deep friendship with Arnold Lunn, the famous writer who is also one of the world's greatest authorities on skiing. The two friends toured Europe during vacations. During these years Father Hohman acquired facility in seven languages. This was the open door to many experiences in succeeding trips.

To Show Movies

One of the highlights of Monday's lecture will be the color movie that the Niles priest snapped of such notables as the Macchessa Elizabetha Pacell-Rossignani, the sister of Pius XII. He will tell of the sensation his party caused in Paris when it became known that he was going to celebrate mass for her party in world famous Notre Dame cathedral.

Fater Hohman will also go into details of his audience with the Pope and the subject he discussed with him. He will reveal the at-

Toledo led year-to-year sales comparisons with a percentage decline of 9 percent, compared with the national average of 7 per cent compiled by the Federal Reserve board. The board said it was the smallest decline in several weeks.

DEPARTMENT OF MUSING

As one watches these Class A softball teams roll through the Shaughnessy playoffs, he can't help noting from time to time what a fine collection of athletes those eight teams involved sport . . . This observer has yet to see a more agile, speedy and head-up outfielder than Eddie Duco of the Salem China . . . Playing centerfield last night, Duco was directly responsible for cutting off at least one Bliss run by sharp action and made a few catches that certainly would have been hits but for his speed . . . He covers that outfield like it was a postage stamp . . .

It's hard to beat Wayne "Confident Kirby" Laughlin, too . . . The Amvets won by a single run—Kirby's homer in the third—and the old master called it like it was nothing just before he stepped to the plate . . . "I'm putting this one over those right field stands," he remarked as he went to bat . . . He did, well over the outer Reilly field wall . . . The ball must have gone at least 280 feet on the fly . . .

Carroll Beck's homer to win for the Electric Furnace was no bunt, either . . . It went out the track in left centerfield and Harold Close narrowly escaped serious injury when he crashed into the wire fence trying to field it . . . He bounded back, as he ran smack into the wire, like a man shot out of a slingshot . . .

They all say Dale Ritchie is losing his stuff . . . It is hard to believe when he sets the Bliss down with only four hits in two straight games . . . Ritchie may not be as fast as he used to be, but he's still got that control and something on that apple . . . He also has slapped four hits in seven trips to the plate in this series . . .

There are a dozen outstanding guys worthy of mention, but one of the slickest combinations we have seen lately is the Walt Brian and Jimmie Primm affair . . .

Amvets, Demings Clinch Title Playoff Spots

Bliss-China, Furnace-VFW Frays Will Settle Other League Finalists Monday

By DON E. BEATTIE

Two American league softball teams—the Salem Diner and the Democrats—politely laid down and died in the Shaughnessy playoffs, but the counterparts in the National league, the Bliss and Electric Furnace, weren't nearly so cooperative in the games at Reilly stadium last night.

Bliss and Electric Furnace, both losers in the first game of their series Thursday, decided they wanted to stick around for a try at their loop's title game. And so they two won Friday. Bliss defeating the Salem China 5-4 in a real thriller and the Furnace upsetting the VFW 3-2 in a game equally as exciting. About 600 fans saw the tilts.

In the other two games last night the Amvets impressively wrapped up the first leg of their title fight by thumping the Salem Diner 3-2 while Demings pulled a late game rally to win over the Democrats 2-1.

All were fine games and the results bring about another brace of splendid frays Monday, when the National league picture will be cleared up with a 7 p. m. test between the Furnace and VFW and an 8 o'clock affair between Bliss and the China. No other games are booked, Joe Kelly said.

In the evening's opener the Electric Furnace opened with two runs in the first on three straight singles by Art Horning, Bill Knight and Burton Sutter and an error at third base on "Sarge" Ware's infield smash.

The EF pitcher, Marshall Sutherin, retired the first 13 VFW men in order before finally giving up two runs in the fifth. An outfield error, a single by Jim Armeti, a hit batter and a single by Pitcher Bill Bennett made the payoff and the score was tied.

The dramatic climax of the fray came in the last of the sixth, Carroll Beck slapping out a terrific home run to the track in left center. On the play Harold Close, on the dead run after the poke, went crashing into the steel wire fence at the edge of the playing field. The wire caught him about neck high and sent him hurtling backwards. Luckily he was uninjured.

Beck's smash clinched the tilt for the Furnace.

The second was scored on Dave Kachner's mighty blow into the slot between left and center as he led off in the No. 2 frame. It went for the limit.

The third Amvet tally, another of Laughlin's specials, was a tremendous blow over the right field wall of the stadium. The ball dropped out of sight well over the concrete wall behind the east stands. That ended the Amvet scoring and at the time it was a comparatively safe 3-0 game.

But the Diner wasn't started yet. In the third Henry "Dempsey" Balesley was safe on Johnny Zines' miff of a bunt. Johnny Hart tripled to score Balesley and then crossed the plate on a bobble at first by Pete Stratton. From then on, with the score 3-2, the Diner was held without a serious threat.

Mutt Schaeffer allowed the Amvets six hits, walked four and fanned three. Johnny Zines tossed four-hit ball, fanned three and walked one.

The Democrats had things almost in the bag in their game with Demings. After four scoreless frames, the Democrats tallied in the fifth, Joe Zammarelli leading off with a single and Pitcher Dave Ehrhart biasing him across with a triple. It was 1-0 and it looked almost enough.

But Demings came through with the winning pair of runs in the last of the sixth, mostly on Democratic miscues.

Wayne Hahn singled to lead off, Kenny Brudery was walked, Torch Nedelka was safe on a fielder's choice and Right Fielder Ronnie Ibbotson was hit by a pitched ball, loading the sacks. The first run scored as Shortstop Al Zocolo pounced one out to left field, Brudery scoring after the catch and Nedelka coming in on an error by Catcher Bucky Rice.

It was a tough break for the Democrats and they couldn't get a smell of the ball in the last. Ehrhart had pitched nice ball, allowing just two Deming hits, walking six and fanning one. Brudery was a bit off form, giving up five hits, fanned three and walked none.

Like the rest of the frays, the Salem China-Bliss affair was a crowd pleaser all the way. The Potters started strong, scoring two on a pair of walks issued by "Muscles" Russell, a sacrifice and a line single by Reliable Dale Ritchie, China hurler, who seems to have Russell's number. Ritchie has four for seven in two playoff games.

Bliss couldn't do a thing 'til the fourth, when Del Court singled to

YANKEES ON SPOT MUST TAKE TRIBE TO OUT-RUN SOX

Boston Won Over Chicago As Indians Beat N. Y.: Final Game Today

CLEVELAND, Aug. 27—(AP)—These Yankee Bombers were on something of a spot today in their third and final game of a series with the World Champion Indians.

If they can't beat Cleveland as regularly as the second division bums do, they're in danger of being caught by the Boston Red Sox. They got a taste of that sort of medicine last night, losing to the Tribe, 5 to 3.

That loss dropped the Yanks to only 1 1/2 games over the second place Red Sox after Boston beat Chicago twice in the afternoon. Even at that, the Indians got a scare in the ninth.

Al Benton pitched for the Tribe and was coasting along in great shape, aided by Joe Gordon's 18th home run and two-run singles by Lou Boudreau and Dale Mitchell.

But he slowed down. Boudreau put it this way: "I knew Al was tired by the way his fast ball was dropping as it came in during the late innings. He had pitched hard and put everything he had into it. He's a tough pitcher with men on though, and he stayed in there."

This strategy worked. With Tommy Henrich on third and Bobby Brown on first in that last inning, Pinch Hitter Charley Keller flied to Doby and scored Henrich. Then Cliff Mapes came in for Pitcher Vic Raschi

Dunn or Hamilton are the probable Akron hurlers with Lucas doing the catching.

Hines, Huffman or Stoenough will be on the mound for Althouse.

George Metkovich, White Sox outfielder, made three throws in one inning while playing first base for the Red Sox in 1946.

Ohio's First Move Toward Reclaiming Lakes, Rivers Complete; New Law Is In

COLUMBUS, Aug. 27—(AP)—Ohio's first move toward reclaiming its streams, lakes and rivers became effective Friday.

A law prohibiting the dumping of untreated sewage and industrial wastes into the state's waters went into effect. The law includes the "boundary waters," Lake Erie and the Ohio river.

Said Gov. Frank J. Lausche in a statement on the new law:

"This is Ohio's contribution to the Ohio river valley water sanitation compact. It also is the beginning of a long campaign to undo the damage brought about by years and years of inadequate control."

States Agree

The compact is between Ohio, Indiana, West Virginia, Kentucky, Virginia, New York, Illinois and Pennsylvania. All have agreed to halt pollution of the Ohio river and its tributaries.

"It will take time for existing municipalities and industries to clean up," Gov. Lausche said, "but new cities and industries

must be planned and built so that they do not become a problem.

"The elimination of polluting discharges into our streams and rivers is recognized as a long-range project, but that does not mean that this law will not be followed to the letter. It must be complied with as soon as possible. New treatment plants will cost money, but we have learned from bitter experience that the so-called saving from no treatment or inadequate treatment eventually costs more."

Administration of the new anti-pollution law is delegates to the Ohio department of health. For the first time, it is possible to halt discharge of sewage and industrial wastes before they become a public nuisance.

Said Health Director Dr. John D. Porterfield:

"The division of sanitary engineering now can set treatment standards before products discharged into the streams have killed the fish and made the water unfit for drinking."

Act Too Late

In the past, health and conservation officials were able to act only after the damage had been done. Dr. Porterfield pointed out. One by-product of the former system is the pollution suits which now plague a number of Ohio cities.

Gov. Lausche said statistics show 34 per cent of the people of Ohio now are without sewage treatment service. All of these live in cities which discharge raw sewage into streams, rivers or lakes.

Some 200 industrial plants will be affected by the new law. These are older plants, most of which now have no means of removing objectionable matter from waste discharged into the state's waters.

Gov. Lausche said all recently

CUTS WIDE

(Continued from Page 1)

rupted communications. Streets
were littered with debris.

There was only one death. An-
drew Jonkman, 20, drowned at
Miami as he tried to swim ashore
after purposely sinking his sail-
boat to protect it from the storm.

Property damage will run into
millions. City officials in the
town of Belle Glade, on the
southeastern rim of Lake Okeech-
obee, estimated their loss at
\$1,000,000.

The storm blew away the wind
gauge at Belle Glade when it
registered 140 miles an hour. It
smashed the tower of Radio Sta-
tion WSWN. Two houses were
flattened.

Damage in West Palm beach
was expected to reach several
million. It was "extensive" in
Palm Beach, where many lush
estates were lashed by winds of
125 miles an hour sustained ve-
locity and 150 miles in gusts.

DUDLEY BRAVARD

Mr. and Mrs. Russell Myers
and sons, Lowell and Jerry, of
the Newgarden road, have re-
turned from Georgetown, O.,
where they attended the funeral
of her father, Dudley Bravard,
80, of Winchester, who died of a
cerebral hemorrhage last Tues-
day in University hospital, Col-
umbus.

Mr. Bravard was stricken Mon-
day at the home of his daughter,
Mrs. Herbert Pumphery in Col-
umbus. He was on his way to Sa-
lem with his daughter, Mrs. My-
ers, when taken ill.

Born near Brooksville, Ky.,
Aug. 18, 1869, he was a retired
farmer. He had lived in the vi-
cinity of Georgetown for a num-
ber of years and in Columbus for
15 years.

Besides Mrs. Myers and Mrs.
Pumphery he is survived by two
other daughters and four sons.

Funeral service was held
Thursday afternoon in the Chris-
tian church, Georgetown, fol-
lowed by burial in the cemetery
there.

Narcotic Clampdown In East Causes Robberies

DAYTON, Aug. 27—(AP)—
Recent large-scale raids on the
east coast are causing Ohio
narcotics addicts to become des-
perate.

This is the opinion of Roy E.
Anderson of the federal nar-
cotics bureau in Cincinnati.

Anderson made the comment
yesterday after Dayton police
reported the theft of \$200 in nar-
cotics from the parked car of a
Lebanon physician, Dr. Ralph
Young.

"Thefts from doctors' cars,
drugstore robberies, prescrip-
tion forgeries are indications
the illicit supply is being held
up," said Anderson.

He said the theft trend is gen-
eral throughout southern Ohio.
Cleveland addicts, with a limited
supply of illegal drugs from Chi-
cago still filtering in, are some-
what less harried, he said.
